

Speeding up this process is of vital importance to innumerable cancer patients. With this in mind, friends and family of David B. Hermelin have pledged \$10 million to launch a brain tumor research center at Henry Ford Hospital in Detroit.

Mr. Speaker, David Hermelin is the United States Ambassador to Norway, and earlier this year he was successfully treated for a brain tumor. Currently, he is undergoing therapy at the Henry Ford Hospital. The funds donated in his name will launch the Hermelin Brain Tumor Center, housed within the Department of Neurosurgery. The center will be directed by Mark L. Rosenblum, M.D., Chair of the Department of Neurosurgery, and by Tom Mikkelsen, M.D., of the Departments of Neurology and Neurosurgery.

"The center at Henry Ford Hospital is now positioned to make a significant impact on this disease," said Dr. Rosenblum. "With state-of-the-art technology for diagnosis and surgery, with continual ability to provide the most advanced surgery and treatments available, and with new discoveries from our research team, we are confident we will be able to change life-threatening brain tumors into a chronic, controllable disease like diabetes."

The Hermelin Brain Tumor Center will support three main areas of novel investigation to help control brain tumors: (1) antiinvasion therapy (which stops a tumor from invading healthy brain tissues), (2) gene therapy (which uses scientifically engineered viruses which recognize and kill cancer cells), and (3) antiangiogenesis (which stops a tumor from building its network of blood vessels, effectively starving it). In addition, the Center will sponsor annual brain tumor workshops focusing on each of these three areas of research. Brain tumor scientists from around the world will be invited to share their knowledge and compete for a research grant, thus providing new ways to share novel findings and to use these findings to fund research that will bring new treatments to patients in the most rapid possible manner.

Mr. Speaker, David Hermelin is an outstanding citizen of our Nation, and as United States Ambassador to Norway, he has made an important contribution to strengthening traditional good relations between our country and Norway. In addition, he is a leading philanthropist who has spearheaded major fundraising efforts which have garnered millions of dollars for academic, medical, civic, religious and charitable organizations. The Hermelin Brain Tumor Center is a fitting and unique recognition of his generous contributions. I invite my colleagues to join me in honoring Ambassador David Hermelin and recognizing the importance of the Hermelin Brain Tumor Center.

A TRIBUTE TO BOB REED

HON. JERRY LEWIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. LEWIS of California. Mr. Speaker, I would like today to recognize Bob Reed, who over the past 25 years has become a local institution as the "chairman of the bar" at one of the most pleasant eating establishments on Capitol Hill, the Monocle.

Nearly a generation of Members of Congress and others who toil on the Hill have found refuge in Bob's company. He is that rarest of personalities in this town: strictly non-partisan and unopinionated, a sympathetic ear for anyone, regardless of their politics or philosophy. For 25 years, he has always met his guests on a positive note—even during those times when there wasn't much to be positive about.

Bob was raised in West Virginia and enlisted in the Navy during World War II. He has resided in Washington since 1951. Since joining the Monocle in September 1974, he has been a friend to me and many other Members of Congress from both parties.

Mr. Speaker, I'm sure you and my colleagues will join me in congratulating Bob Reed on his career milestone, and thank him for providing a quiet harbor from turbulent political seas.

HONORING THE U.S. FOREST SERVICE LAW ENFORCEMENT DIVISION OF CLEVELAND NATIONAL FOREST IN SAN DIEGO COUNTY

HON. DUNCAN HUNTER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. HUNTER. Mr. Speaker, I rise today to celebrate the accomplishments of our men and women of the U.S. Forest Service Law Enforcement division in the Cleveland National Forest in San Diego county's back country.

During the year 1996, twenty-two illegal immigrants died from exposure in the Cleveland National Forest. In 1997 nineteen died. Since 1996, Mr. Tommy LaNier, the Special Agent-in-Charge, of law enforcement for the forest and his team of dedicated officers have apprehended over 20,000 illegal aliens in the Cleveland Forest, potentially saving many immigrant's lives who could well have perished in hostile conditions.

The apprehension of illegals in the forest is also serving to prevent further ecological degradation to the forest. In addition, the strong law enforcement in the forest precludes portions of public lands from having to be closed to U.S. taxpaying families who want to visit our natural areas.

Foot trails in once pristine natural habitat have now been pounded into the forest floor
